THE SAGE DAD

SMALL ADVENTURES. TIME TOGETHER.

Count the Wheels

SD-B072 / EXPLORERS · AGES 4–6

Count wheels on things at home and group them by how many each has.

YOU NEED: Pencil; a walk around your home

MEET	Wheels are round things that turn. Look for things with wheels at home.
WATCH	Find a toy car, a chair or a suitcase. How many wheels does each have?
TRY	Write each thing and its wheels in the table. Find at least five.
CELEBRATE	Which thing has the most wheels? Which has none?

THINGS WITH WHEELS

Thing I found	How many wheels?

Most wheels

Sort by number

2	4	MORE

GROWN-UP GUIDE: Walk through the home together and ask your child to point before counting. Count wheels aloud one at a time. Include wheels that are hard to see, like on a chair or toy box.
