THE SAGE DAD

SMALL ADVENTURES. TIME TOGETHER.

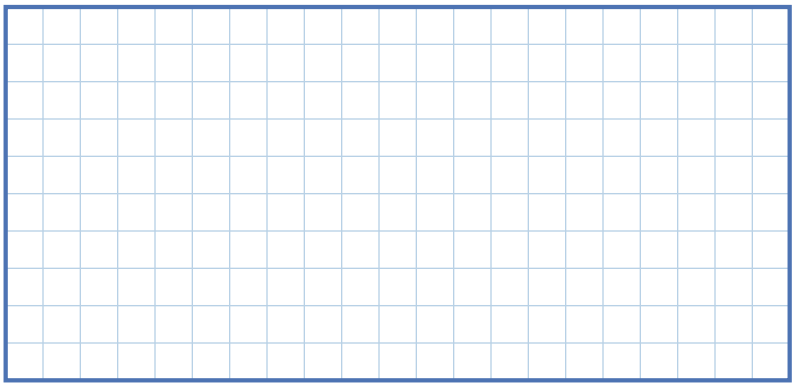
Design Your Dream Treehouse Blueprint

SD-B173 / STRATEGISTS · AGES 10–12

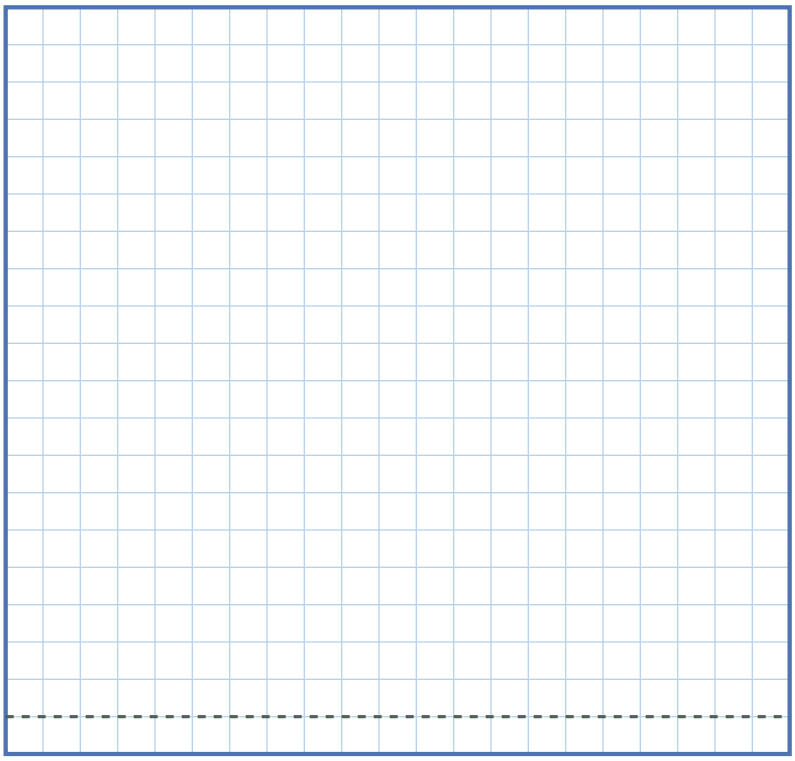
Plan a treehouse from above and from the side, then check it against the must-haves.

YOU NEED: pencil, ruler, colored pencils

TOP VIEW (looking down)



SIDE VIEW (looking from the front)



MUST-HAVES

- [ ] A way to get up and in
- [ ] At least 2 windows
- [ ] One secret feature
- [ ] Something to stay dry
- [ ] Something that keeps you safe
- [ ] A name for the treehouse

SCALE

1 square = 1 foot

Height of floor: ____ ft

Number of rooms: ____

Total floor area: ____ sq ft

GROWN-UP GUIDE: Real designers sketch first and fix problems on paper. Ask: how does someone get in? What keeps it safe? Where does the rain go? Let your child defend each choice.

NAME OR MARK: _____
