

Help the bee get home

AGES 5-10 / ABOUT 10 MIN / WITH A GROWN-UP

1. Put your pencil on the bee.
2. Find a path through the maze to the flower. If you hit a wall, back up and try again.
3. Color the bee and the flower. Draw a friend for the bee.

Grown-up tip: hitting a wall is part of solving it. Try "let's try another way" instead of "that's wrong."
