Fast and Slow Scribbles

SD-B067 / AGE 3 · WITH A GROWN-UP

Scribble like a rabbit, then like a turtle, and see how the marks differ.

YOU NEED: A crayon

FIND	Hold your crayon. Make a fast scribble like a rabbit.
TRY	Now make a slow, tiny scribble like a turtle.
SAY	Which one looks fast? Which looks slow? Point.

RABBIT · TURTLE

FAST (RABBIT)

SLOW (TURTLE)

A wiggly line

A big round scribble

GROWN-UP GUIDE: Model one fast scribble and one slow one, then step back. Let your child try each way and describe the difference. Marks that look different show that speed changes the line.
