Help the Bee Get Home

SD-B027 / EXPLORERS · AGES 4–6

Follow a path from the bee to its flower without crossing a wall.

YOU NEED: Pencil; crayons

MEET	Find the bee on the left and the flower on the right.
WATCH	Trace the way with a finger. Hit a wall? Back up and try again.
TRY	Now use a pencil to draw the route from the bee to the flower.
CELEBRATE	Draw a friend for the bee, or a second flower.

GROWN-UP GUIDE: Trace with a finger first. If your child reaches a wall, say let's try another way. Pencil control improves with practice, so a wobbly line that gets there still counts. There is one route through; the walls are thick so crayons work too.
