

The Little Arrow Secret

10 minutes | Beginner | Pencil; optional parked-car visit with adult

The arrow by the fuel-pump symbol can point to the fuel filler door side.

DASHBOARD A

Circle: LEFT / RIGHT

DASHBOARD B

Circle: LEFT / RIGHT

MEET > WATCH > TRY > CELEBRATE

Point to each arrow. Draw a big arrow toward its answer.

Find another useful symbol. Draw it and tell what it does.

Explore a real car only when safely parked with an adult. Some cars have no arrow; check the manual. No controls or fuel equipment.

Explain it. Try it with permission. Teach someone else.

The Little Arrow Secret

WHAT THIS BUILDS

Reading everyday clues, checking information, and explaining a useful next step.

ANSWERS AND REASONING

A: left. B: right. The marker identifies the fuel filler door side, not where the whole tank sits.

SUPPORT AND BOUNDARIES

Say left/right from the vehicle perspective. On a real car, consult its manual. Explore only while safely parked, engine off, with an adult; do not operate controls or fuel equipment.

REAL-WORLD MISSION

With an adult, notice one useful symbol on a household object. Draw it and describe its job.

GROWN-UP DISCOVERY

The pump hose drawing is not a reliable substitute for the dedicated direction arrow. Ask: Did you already know this clue?

AFTER THE MISSION

One thing we noticed: _____

One thing we would try differently: _____

Child: I can explain it / I want another practice / I need help.
