| **MEET** | Close your eyes. A grown-up holds up a smell for you. |
| **WATCH** | Take a gentle sniff. Do not taste. Sweet, spicy or clean? |
| **TRY** | Draw a face for each smell: happy, okay or not so sure. Guess what it is. |
| **CELEBRATE** | Which smell did you like best? Tell someone why. |

**GROWN-UP GUIDE:** Check for allergies and sensitivities first and keep the smells gentle. Hold each item a few inches from your child's nose. Ask for a face and a guess; any answer counts, and a guess that is off is part of the fun.
