Teach Three Steps

SD-B094 / DISCOVERERS · AGES 7–9

Write a three-step lesson and teach it to a grown-up.

YOU NEED: Pencil; one skill you know

DISCOVER	Pick a skill you know well, like tying shoes or making toast.
PREDICT	What are the three most important steps? Guess the order.
SOLVE	Write your three steps. Teach them to a grown-up.
EXPLAIN	Where did your learner get stuck? What would you add or change?

GROWN-UP GUIDE: Be a real learner: follow the instructions exactly as written and notice when a step is unclear. Do not rescue. A missing step is the best lesson for the teacher.
