Three-Crayon Color Wheel

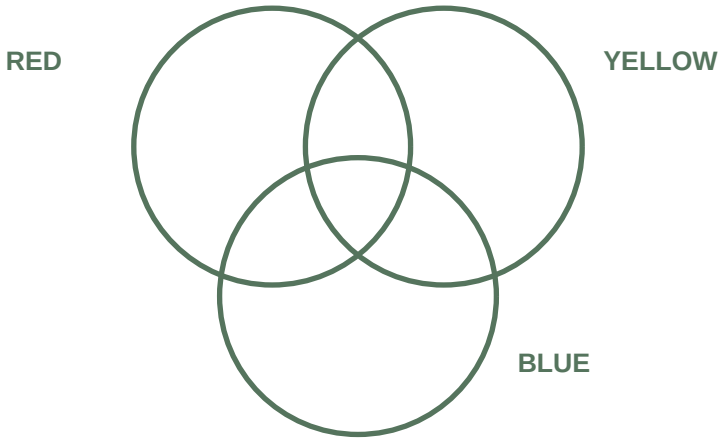
SD-B106 / DISCOVERERS · AGES 7–9

Layer three crayons to discover which new colors appear.

YOU NEED: Red, yellow and blue crayons; paper

DISCOVER	Color three small circles: red, yellow and blue. These are your starting colors.
PREDICT	Guess what you will get when you layer red and yellow, yellow and blue, red and blue.
SOLVE	Color the overlaps lightly. Press harder on top to see the new color.
EXPLAIN	Which mix matched your guess? Which was a surprise?

COLOR WHEEL



My guesses

Red + yellow = ?

The surprise

The biggest surprise was

GROWN-UP GUIDE: Use the side of each crayon and layer lightly. Yellow over blue tends to look green, red over yellow orange and red over blue purple, though wax can look muddy. If the colors surprise you, that is the discovery.
